

CHELLAMUTHU S

Computer Science Engineering Student

Pudukkottai, Tamil Nadu, India | +91 9488645824 | chellamuthu5824@gmail.com

PROFESSIONAL SUMMARY

Computer Science Engineering student with practical experience in backend development, IoT systems, real-time telemetry, and web application development. Skilled in developing scalable applications using Node.js, Python, SQL Server, Flutter, and REST APIs. Experienced in implementing real-time monitoring systems, AI-based solutions, and communication technologies including LoRa and CAN Bus.

TECHNICAL SKILLS

Languages: Java, Python, C

Frontend: HTML, CSS, JavaScript

Mobile Development: Flutter

Tools: GitHub, VS Code

Backend: Node.js, REST APIs

Database: SQL Server, Firebase

Computer Vision: OpenCV, MediaPipe

Hardware: Raspberry Pi, LoRa, MCP2515 CAN Bus

PROJECTS

- **GoKart Live Telemetry & Lap Count Dashboard** – Developed a live telemetry and lap tracking system using Flutter, Node.js, LoRa communication, and CAN Bus integration for real-time vehicle monitoring.
- **Tamil Sign Language Recognition System** – Built a real-time gesture recognition system using Python, OpenCV, MediaPipe, and deep learning techniques for sign language interpretation.
- **Timetable Management Web Application** – Designed and developed a timetable scheduling platform using HTML, CSS, JavaScript, Node.js, and SQL Server.
- **Government Vehicle Verification System** – Created an OTP-based vehicle verification platform with Node.js and Firebase authentication services.
- **Automated Drug Dispenser System** – Developed an ESP32-based automated medicine dispensing system for healthcare applications.

LEADERSHIP EXPERIENCE

Telemetry Head – Zion Racing EV Team

- Led the development of telemetry and live monitoring systems for the EV racing team.
- Integrated LoRa and CAN Bus communication technologies for data transmission.
- Managed dashboard and backend development using Flutter and Node.js.

EDUCATION

B.E. Computer Science Engineering

Mount Zion College of Engineering and Technology | 2023 – 2027

ACHIEVEMENTS

- Received the “Novel Solution” Award at Make-A-Thon’25 conducted by Mount Zion College of Engineering and Technology.
- Secured Runner-Up in the Innovation Category at the AIMS Event as part of the Zion Racing EV Team.

SOFT SKILLS

Problem Solving, Team Collaboration, Communication, Adaptability, Debugging

LANGUAGES

Tamil, English
